

**PUBLIC HEALTH DEPARTMENT[641]**

**Notice of Termination**

Pursuant to the authority of 2013 Iowa Acts, Senate File 427, section 35, the Department of Public Health terminates the rule making initiated by its Notice of Intended Action published in the Iowa Administrative Bulletin on August 7, 2013, as **ARC 0935C**, proposing to amend Chapter 28, “Plumbing and Mechanical Systems Board—Licensure Fees,” Iowa Administrative Code.

The Notice proposed to amend Chapter 28 by identifying the fees associated with apprentice, journey and master licenses; medical gas piping certificates; inactive licenses; contractor licenses; and specialty licenses. In addition, the Notice proposed all licenses be issued for a period of three years, and until June 29, 2017, those renewing for less than three years would have their license fees prorated using a one-sixth deduction for each six-month period. Late fees and requirements for lapsed licenses were also included. A fee for converting an HVAC-refrigeration or hydronics license to a mechanical license was also included.

The Department is terminating the rule making commenced in **ARC 0935C** and will renote the proposed amendments to incorporate different fee amounts and further clarify language related to the fees.

After analysis and review of this rule making, no impact on jobs has been found.
